ANCC CERTIFICATION

Success Pays®

Your organization can receive substantial savings in test-taking fees with Success Pays®

Get and keep more nurses certified with no financial risk!

Help nurses achieve certification. Reduce nurses' test-taking anxiety and eliminate financial barriers with the **ANCC Success Pays**® program.

Success Pays® includes certification by exam, certification renewal, and the retired certified nurse recognition program. Nurses are given two opportunities to achieve certification, and you only pay for the ones who pass.

Easy as 1-2-3!

1 **Define your organization's success! Set your certification rate target and determine your minimum order on initial certifications under the Success Pays program.** There is no minimum or maximum number for certification renewals. ANCC gives your organization a unique code, which you distribute to nurses. Individual nurses use the code in place of traditional payment methods to apply for one of 17 ANCC nursing certifications.

2 **The nurse takes the test or completes renewal requirements.** When a nurse passes, a fee for the exam or renewal appears on a monthly invoice to your organization. If a nurse fails the first time, one retest is available at no additional cost. If a nurse fails the retest, your organization is not charged.

3 **Your organization increases its number of board certified nurses, with no financial risk!**
